

HEALTH PRECAUTIONS AT FRIDAY HARBOR HOUSE

Friday Harbor House is committed to the health and well-being of our team members and guests. We are actively monitoring the coronavirus reports and taking all precautionary measures and guidelines from trusted health organizations including the World Health Organization (WHO), U.S. Centers for Disease Control and Prevention (CDC), and local authorities, in an effort to enable everyone to be as safe as possible.

Health and wellness is always a top priority for us, and with the recent concerns we have increased our protocols substantially including:

- Increased sanitization efforts in high volume areas such as elevator buttons, door knobs, hand rails, drink dispensers, and bathrooms
- Installed several new mounted hand sanitizer stations around the property to ensure guests and team members always have immediate access
- Held multiple meetings with our team to keep everyone informed on protocols and updates
- Created new checklists for each department to ensure sanitizing is thorough and consistent

Please don't hesitate to reach out with any questions.

A handwritten signature in black ink that reads "Meaghan & Michael".

Meaghan and Michael Felso
